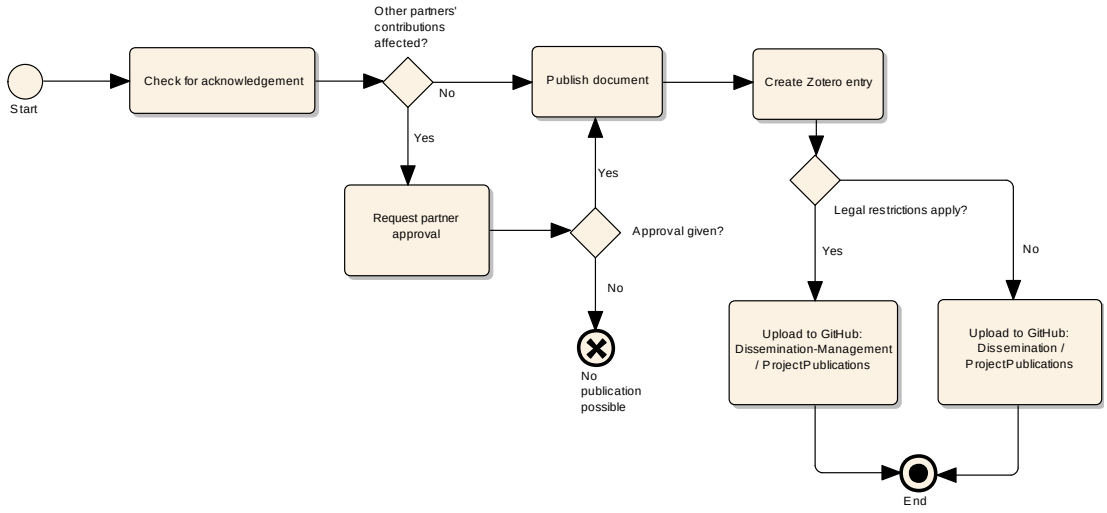

Figure 1. The publishing process as BPMN diagram

Publishing Guideline

When publishing in the context of the openETCS project authors shall adhere to this guideline. Figure 1 depicts the steps as graphical BPMN process. The individual steps are described in detail in the following.

1. It must be ensured that the *project*, the *funding authority* and the *grant number* is mentioned in the paper/presentation. The following acknowledgements can be used:

   Germany This work was funded by the German Federal Ministry of Education and Research (Grant No. 01IS12021) in the context of the ITEA2 project openETCS.

   Belgium/Brussels region This work was funded by the Région de Bruxelles-Capitale / Brussels Hoofdstedelijk Gewest (Grant No. RBC/12 R 11) in the context of the ITEA2 project openETCS.

   Belgium/Walloon region This work was funded by the Walloon Region (DG06) (Grant No. 6921) in the context of the ITEA2 project openETCS.

   France This work was funded by the "Direction Générale de la compétitivité, de l'industrie et des services" (DGCIS) (Grant No. 112930309) in the context of the ITEA2 project openETCS.

   to be completed Spain still missing

2. Publications potentially affecting project contributions of other partners require explicit approval. A request for approval shall be accompanied with a reasonable deadline (e.g., two weeks). Please consider a joint publication with the involved partners.

3. An entry with the details of the publication should be added to the Zotero group *openETCS Publications* by using the Zotero tool or the website zotero.org. A how-to regarding the use of Zotero in openETCS is provided here. A link to an official and public webpage where the publication can be obtained/purchased should be included.

4. The final document should be uploaded to GitHub to one of the following directories:

This work is licensed under the "openETCS Open License Terms" (oOLT).

- To Dissemination-Management/ProjectPublications if legal restrictions apply for publication.
- To Dissemination/ProjectPublications if it can be published freely under the openETCS Open License.
